CORONAVIRUS

Health and Wellness Falsgrave Clinic is now offering a limited service to patients at this time when restrictions remain very much in place to control the spread of the virus.

It has been acknowledged that some patients cannot be treated via remote consultation and need to attend the clinic. To meet the needs of these patients the clinic has completed a risk assessment and put in place a protocol which will minimise the risk of transmission between patients and therapists. The risk assessment and protocol can be viewed at www.healthclinicscarborough.co.uk/Covid-19

For the purpose of your visit today please note the following:

- The clinic will be deep cleaned on a weekly basis
- All doors, handles, surfaces will be cleaned on an hourly basis
- Therapists will hold their clinics on different days to keep daily numbers to a minimum
- Appointment times will be spread out through the day to minimise patient contact

To help keep the clinic COVID-19 Secure we ask you to:

- Wear a mask
- Keep 2 metres apart
- Minimise contact with doors and surfaces
- Hand sanitise on entering and on leaving
- Only use the toilet facility if really necessary
- Get tested and self isolate immediately if you develop symptoms
- Stay at home and self isolate if asked to do so by the Tracing Team
- Install the Track and Trace App when available.
